

Employees Activity Organization
Representatives Meeting
March 4, 2022 Conference Room 4

EAO Representatives in attendance:

Rick Fowles	Carl Watson
Seth McPherson	James Dean
Kevin Miller	Kolyer Anderson
Helen Erickson	Kurt Sorensen
Joni Dutson	

Convened at: 10 a.m.

Minute Approval:

Seth McPherson made a motion to approve the minutes for February 16, 2022; James Dean seconded the motion. The minutes were approved as distributed.

Summer Party

Young Living Farms has been contracted for June 4.

The lunch menu still needs finalized with Ashton's. Tentative menu is to include hamburger and hotdogs; lunch to start at 1 p.m. and will be picnic style.

The park will be available for eight hours; the Summer Party will be held from 10 a.m. to 2 p.m.

Possible activities are to include: bounce houses, Zorb balls, wagon/pony rides, peddle boats, face painting, volleyball, croquet, cornhole, and bingo. There will also be slushies and popcorn available.

Carl Watson will produce a flier when all the information is available; no tickets will be needed.

Employee Quarterly Drawings

Rick Fowles proposed having a quarterly drawing for all employees for the cots and sleeping bags that were bought for a possible COVID quarantine. This will be for all IPSC employees because it was company money that went into the purchase.

He also proposed having an EAO members only quarterly drawing for donations by various vendors.

The hope is to raise employee moral and boost interest in the EAO.

Floats

Both floats will need repairs this year. IPSC will not create a new design, but will reuse the previous ones.

The question was posed to the possibility of obtaining a lighter trailer for traveling to Nephi. The consensus is to work on this and have one available for next year.

James Dean asked if there can be a float for Fillmore. If another trailer can be obtained this could be a possibility or maybe use the Guzzler. James Dean and Kolyer Andersen will work on these issues.

Inventory

Rick Fowles reported that there is a discrepancy in inventory for the IPSC/EAO glove program. He is in the process of implementing a more controlled process to correct this issue.

The new hats and clothing have arrived with new logos. Tyler Finlinson will put them on display at the Reception Desk.

The new freezer that holds the food at the Warehouse went out. The HVAC crew is looking to repair it. For now, the frozen food is being stored in the chest freezers.

Community Center Vending Machines

Coke has two machines at the Community Center, but Pepsi does not have one. Pepsi will see if they can locate another vending machine to use. It would be good to have these available by the end of this year when the population will start growing.

Miscellaneous

Rick Fowles requested a second meeting this month to be held on May 18, 2022. Helen Erickson will set this up.

James Dean made a motion to close the meeting. Carl Watson second the motion. The motion carried.

The next meeting is scheduled for May 18, 2022.
