James Dean	Kolyer Andersen	Kurt Sorensen

Convened at: 10 a.m.

Minute Approval

Rick Fowles made a motion to approve the minutes for December 20, 2022; James Dean seconded the motion. The minutes were approved as distributed.

Per Employee Christmas and Summer Party Billed

Every year, the EAO submits a bill for funds to help out with the IPSC/EAO Christmas and Summer Parties.

A discussion followed regarding increasing the amount billed because of the rise in costs. The consensus was that since IPSC has been generous in providing additional funding to make up any difference when needed no increase in the amount billed is needed.

Kevin Miller approved submitting an invoice to IPSC in the amount of \$40 per employee. Currently there are 319 employees.

Inventory

Rick Fowles reported that the Warehouse has been able to continue keeping the frozen foods well stocked.

The sale on gloves went well; most all of the old gloves are gone. They were happy to get them out of the way because the Warehouse is trying to clear out all old and non-essential items. However, they are still having a hard time getting the Kevlar gloves in.

Carl Watson explained that the Safety Department is purchasing beanie caps with the IPSC logo on them for winter handouts. He was wondering if the EAO would like to purchase some as well. After a brief discussion, all agreed that this would be a good idea to have some on hand for the EAO to sell. Rick Fowles asked Carl Watson to get with Tyler Finlinson to facilitate this.

Several vendors have come forward asking if they could give the EAO and IPSC a quote on print screening supplies for us. This will be looked into to see what items they can provide and on pricing.

Rick Fowles stated he still had not heard from the bowling alley about the possibility of getting passes from them; he will reach out to them again.
